INSTRUCTIONS

Read the following instructions carefully before answering the questions:

1. This is a digital portfolio highlighting work done throughout the semester.

2. For further guidelines refer back to the topics provided this semester in the uLink.

As assessors of your final portfolio of evidence we need to be able to ascertain the breadth your learning and development as scholar pertaining to Learning Design in the field of ICT in Education. The combined assignments that you have completed thus far constitute 50% of your final mark.

You are to select two tasks/assignments for inclusion in your portfolio after you have spent some time addressing the feedback provided during the formative assessment process. You might want to structure the appraisal in order to improve certain areas on each of the tasks. You also have to include the reflection file/document on the selected tasks/assignments.

How to submit your portfolio:

1. Create a folder with your student number as folder name.
2. Copy your two selected tasks/assignments into this folder.
3. Include the reflection file on the selected tasks/assignments into this folder.
4. Compress the folder into a zipped folder and **uploading it in the space provided in uLink** on the date of the examination.
