**Original Assignment Instructions:****Background of Assignment**

Students need to develop a focus area from three of the major outcomes of the module. Students then need to formulate a study commencing with a literature review and conducting the study based on the predetermined methodology that were suitable and chosen for the study as guided by the lecturer.

Methodology required from students are on an undergraduate level, and the theory was provided to students during lectures as well as students had to perform their own literature review to expand on this theory and to develop their own basic theoretical framework.

Students then had to develop an interview schedule and interview one entrepreneur in their community that are suitable for their study. From this case they then had to evaluate the application of their theoretical framework within practice.

The Major Topics Related to the Outcomes of this Module are:

- Coaching of Entrepreneurs
- The Family Business
- Good Citizenship, Decolonization and Social Responsibility of Entrepreneurs
- Internet Marketing, Technology and Entrepreneurship in Africa
- Globalisation and International Strategies for Entrepreneurs

The final project needs to be in the form of a research paper which are around 10 pages and in a typed format, and will be assessed at an undergraduate level.
