INSTRUCTIONS:

1. Answer ALL THE QUESTIONS.
2. Number your answers clearly.

QUESTION 1

You are preparing a lesson to teach the following topic: “Bad Debts Recovered”. Amongst other things, you plan to ask questions during the different phases of the lesson. Write down six questions you would ask at the various stages, two at each stage. Each question should be followed by a brief explanation as to what objective/purpose it serves. The questions should challenge different levels of thinking and such levels must be specified. (6x2=12)

QUESTION 2

Design a rubric with 4 Criteria and 4 Level indicators/descriptors for a task in your subject area. Make sure you clearly indicate the task instruction / requirements as well. For example,

“You must design a poster outlining the steps a bookkeeper must follow when doing bank reconciliation statements for the business.”
